ACCEPTED

- Provides examples to back up claims, without naming names

- Lists recommended libraries and why

- Spells out advice and gives brief context or explanation to back it up

- 🚨 Don't list things that you aren't sure will fit into the talk

Queues, Fairness and The Go Scheduler

- Abstract has a fun question that makes you want to watch!

ACCEPTED

- Explains why you would want to understand the scheduler

- Outline demonstrates knowledge of the scheduler. Just the right amount of detail
